

Metal Fitter and Turner

If it needs to be made from metal, I'm on it! I fit, assemble, grind and shape metal parts and tools for our renewable energy projects. It's all about precision in this business. I work to detailed plans to fabricate what we need. I'm the Michelangelo of metal!

Environment

Outdoor project sites

Using hands and tools to control or feel objects

Uncomfortable sounds or noise levels

Working with hands

Solving problems
